## The Privileges of USA+ Membership

For many years, large corporations have had the advantage over individuals, families, the self-employed and small businesses. If you work for a large corporation, you can get access to a corporate benefits package of medical, dental, financial, legal, shopping and other consumer benefits. However, if you do not work for a large corporation, you are left on your own to provide these benefits for yourself at a much higher cost, because you do not belong to large nationwide group.

United Service Association For Health Care (USA+) is a non-profit membership association chartered in Washington, D.C., in 1983. USA+ was founded to benefit the lives of individuals, families, the self-employed, small business owners and their employees nationwide. USA+ became one of the first membership associations in the United States to provide quality benefits programs that were previously available only to employees of large corporations. Through the power of its nationwide membership, USA+ is able to bring a line of benefits to its members by leveraging its high-volume group buying power. USA+ identifies the needs of its members and finds the nation's top providers of products and services to satisfy those needs and negotiates favorable pricing for its members. Membership packages may consist of insured, non-insured benefits and consumer savings programs. USA+ is NOT an insurance company. Members will have access to insured benefits through the group policies that have been issued to USA+ by A.M. Best rated insurance companies. USA+ has saved its national membership base more than \$100 million in combined savings.

USA+ is committed to the promotion of equal access to health care for all citizens of the United States. We stay abreast of legislation proposed by state regulators that may have an adverse or favorable impact on our membership population. When necessary, we contact regulators in order to have an opportunity to convey the views of the association's members. USA+ engages in nonpartisan research, study and analysis for the benefit of the general public regarding the health care system of the United States and will on occasion publish the results of our research.

The USA+ Foundation is a non-profit organization providing grants to worthwhile charities nationwide and has awarded over \$7 million to more than 200 organizations. Foundation grants to date include: American Diabetes Association, Cystic Fibrosis Foundation, Habitat for Humanity, Muscular Dystrophy Association, St. Jude Children's Research Hospital®, United Cerebral Palsy, Watson Children's Shelter, and The Women's Shelter, just to name a few.

USA+ is committed to:

- The promotion of equal access to health care for all Americans.
- Assisting charitable, educational and social welfare organizations through the USA+ Foundation.
- Providing educational assistance to high school seniors that show promise of continued academic performance in medical related fields.
- Financial assistance for members who lose their job through economic downturns or through no fault of their own.
